MEMORANDUM FOR: Chairman, DCI/MAG  
FROM : B. C. Evans (MAG Advisor)  
SUBJECT : Elimination of Agency Telephone Directories  
REFERENCE : Memo dated 17 August 1977 to MAG Advisor from  
MAG Co-Chairperson, subject as above (ER 77-5500)

1. Mr. Blake held discussions with [redacted] on the matter of STATINTL the elimination of the Agency telephone directories which was the subject of her correspondence of 17 August.

2. He acquainted Pat with the format and contents of the soon-to-be-issued functional telephone directory which will replace the previous directory containing an alphabetical listing of most employees. It is Pat's opinion that this might be a partial answer to the problem. It was agreed in those conversations to proceed with the issuance of the classified phone directory and then in about three months to reassess the matter and determine whether or not the new directory represents a reasonable solution to the problem.

Pat:

Ben Evans forwarded your memo to him concerning the elimination of Agency Telephone Directories to this office for response. The decision to eliminate Agency Telephone Directories except for a functional directory was carefully considered and coordinated. I am attaching two memos; one from Mr. Blake to Mr. Knoche which contains Mr. Knoche's endorsement as well as a memo from Mr. Gambino to the DDA.

I am not sure that this resolves any of your problems. I do feel that decision to eliminate Agency Telephone Directories will not be reversed at this time.

You will note that Mr. Knoche endorsed the elimination of phone directories with the suggestion that exceptions be approved by the EAG. This has been changed by Mr. Blake who asks that any exceptions be submitted to him for consideration rather than the EAG.

I hope in some way this explains the rationale for doing away with the Directories. If you need an exception for your group I am sure Mr. Blake would give it every possible consideration.
